

No Sew Fingerless Mitts

This pattern is specifically designed to use with the Noro Taiyo yarn. It has long sections of colour so the thumb is worked after the first part of the hand to keep the colours matching.

You can use it with any yarn which has long lengths of colour between changes,

Because of the way this pattern is designed, it is easily adaptable to different sizes and different yarns.

There are two different sizes with the stitch count for the second size in square brackets [].

I used Size 1 with Noro Taiyo yarn (UK Aran weight) and a 4.50mm hook. Size 2 will give you a mans size mitt with these materials.

You can also use DK yarn and a 3.50mm hook. Size 1 will make a child mitt and Size 2 will make a ladies size mitt.

Continue working rows in sc until the mitt is the length you require.

If you want a longer cuff, you will need to increase the number of stitches, as your arm gets bigger the further up you go.

I worked a total of 32 rows on the Noro Mitts, increasing by 2 sts each of the 25th and 29th rows.
